THE PROBLEM

Facility managers deal with a multitude of issues, from trip-fall liability to deteriorating concrete slabs. **SlabJack Geotechnical**, your full service partner in trip remediation, A.D.A. compliance, and concrete maintenance.

SlabJack Geotechnical has worked with property management firms and maintenance supervisors across the Pacific Northwest.

Whether you manage a warehouse, a single four-plex, a three-hundred unit townhouse complex or other, **SlabJack Geotechnical** is your answer to settled concrete.
